

Lorna Zadavec Zaletel je radioterapevtka onkologinja, zaposlena na Onkološkem inštitutu Ljubljana. Vseskozi je vključena tudi v timsko obravnavo otrok z rakom in načrtuje obsevalno zdravljenje teh otrok. Vodi tudi oddelek za sledenje poznih posledic zdravljenja raka v otroštvu in v mlajši odrasli dobi. Ob tem je tudi predsednica Ustanove Mali vitez, fundacije za pomoč ozdravljenim raka v otroštvu.

Lorna Zadavec is a radiotherapist oncologist employed at the Oncology Institute Ljubljana. She is also involved in the team treatment of children with cancer and plans radiation therapy for these children. She also manages the department for tracking the late effects of cancer treatment in childhood and young adulthood. She is also the president of the Little Knight Foundation, a foundation for helping children with cancer.
