

Doc. dr. Tit Albreht, dr.med., je doktorat s področja raziskovanja zdravstvene službe zagovarjal na Univerzi v Amsterdamu. Je predstojnik Centra za zdravstveno varstvo na Nacionalnem inštitutu za javno zdravje. Deluje kot raziskovalec na področju raziskovanja zdravstvene službe, zdravstvenih politik, zdravstvenih sistemov ter politik na področju obvladovanja raka. Član Znanstvenega odbora European Public Health Association in predsednik Sekcije za preventivno medicine pri Slovenskem zdravniškem društvu. Recenzent pri petih mednarodno uveljavljenih znanstvenih revijah z njegovih področij dela. V zadnjih letih je veliko časa posvetil delu na razvoju politik na področju obvladovanja raka v Evropski Uniji, saj je bil vodja projekta FACT v podporo slovenskemu predsedovanju Evropski Uniji. V naslednjih letih pa je uspešno deloval kot namestnik vodje (2011-2014) in kot vodja Skupnega Ukrepa (Joint Action) (2014-danes) na področju raka. Habilitiran kot docent na Medicinski fakulteti v Ljubljani in na Fakulteti za zdravstvene vede v Mariboru, kjer predava izbrane teme iz javnega zdravja ter je nosilec predmeta javno zdravje pri Medicinski fakulteti v Mariboru ter predmetov Promocija zdravja in primarno zdravstveno varstvo in Zdrav življenjski slog pri kroničnih nenalezljivih boleznih na FZV v Mariboru. Deluje kot konzultant pri Evropski Uniji, Svetovni zdravstveni organizaciji in Mednarodni agenciji za atomsko energijo (IAEA).

Tit Albreht, MD, PhD promotion of the doctorate on health service research at the University of Amsterdam. Head of the Center for Health Care at the National Institute of Public Health. He works as a researcher in the field of health service research, health policies, health systems, and cancer management policies. Member of the Scientific Committee of the European Public Health Association and President of the Section for Preventive Medicine at the Slovenian Medical Association. Reviewer for five internationally renowned scientific journals in his fields of expertise. In recent years, he has devoted a lot of attention to developing policies in the field of cancer control in the European Union, as he was the head of the FACT project in support of the Slovenian Presidency of the European Union. In the following years, he successfully worked as Deputy Head (2011-2014) and as Head of Joint Action (2014-present) in the field of cancer. Habilitated as an assistant professor at the Faculty of Medicine in Ljubljana and at the Faculty of Healthcare Sciences in Maribor, where he teaches selected subjects in public health, and course convenor at the Faculty of Medicine in Maribor, where he teaches Health Promotion and Primary Health Care and Healthy Lifestyle for Chronic Non-contagious Diseases at FZV in Maribor. He is a consultant for the European Union, the World Health Organization and the International Atomic Energy Agency (IAEA).
